Monthly Get Together every second Sunday of the month at **THE FAMILY TREE RESTAURANT 927 Laconia Rd (Route 3) Tilton** - 8:30am unless otherwise noted.

Next Get-together July 11th, 2010

Chapter Director Words

The Riding season is in full swing and Mother Nature for the most part has cooperated. Our June monthly get-together ride to King Arthur Flour had 5 bikes from the chapter and 4 riders from Chapter A that joined us along the way. Thanks to Glen and Laura Daniels along with the other members of Chapter A that joined us for the ride.

After King Arthur Flour, the group found it's way to the Pink Shack in Haverhill for ice cream. The Sand Castle Ride on the 26th had 7 bikes that traveled to Hampton Beach, lead by Len Swanson and it was decided by the group that the traffic was too much for us to stay together and be able to find places to park so we continued down Rte 1 into Mass for a bit and circled back to stop for dinner at Johnson's in Northwood. All had a good time.

Len Swanson will be coordinating Geo-caching at the New England Rally on July 23rd and 24th and if you have never tried geo-caching, Len is the person to see if you want to learn more about it and try it.

Speaking of the Rally, if you have never attended one, this is the year to do it as it is right here in NH. It will be held from July 22- 24 at the Town and Country Motor Inn in Shelburne and it is not too late to register. It is a great time to meet other members of the GW family from other chapters and other states, along with seminars, a crash scene re-enactment coordinated with the Gorham Fire Dept. and of course riding! There will be guided tours throughout the beautiful White Mountains along with self-guided tours with maps provided by AAA of NE.

Our next monthly gathering will be on Sunday July 11th at the Family Tree Restaurant @ 8:30 with a ride after to the St. Gaudin Site after

Happy 4th of July !

Ed and Denise Heath

How resilient can a Chapter G Member be?

June has been a very emotional roller coaster for Chapter G member Chris Barrett and his family. On June 22nd, Chris's Dad, Bruce Barrett, from Andover, passed away after a long battle with cancer. Chris made the trip to King Arthur Flour on June 13th and left the group early to attend to his dad's needs. As sad as these times can be, 4 days later, Chris and Jeannie had the honor of giving their daughter Kimberly away in marriage. The lows of losing someone in the family to the highs of a family wedding, this past month has been an emotional one for Chris and his family, but I know that they will work through the loss and cherish the marriage of their daughter.

Chris, from your Chapter G family, to you and your family, know that you are in our thoughts and prayers during this difficult time in the loss of your dad.

Fathers Day Ride

I had the opportunity on father's day to surprise a friend with a motorcycle ride for his first time.

Al Tanner some 70 something years young is a regular customer at the store and we have struck up quite a friendship, along with his family.

Last year when I purchased my '04, Al was quite impressed with it and said that he had never been on a ride. I told Al that I would get him a ride, and unfortunately last year came and went and I didn't get a chance to get him on the wing.

This year with the bike season starting so early, Al would come into the store and hint that he really would like a ride and I would say "someday Al" and I thought as the days went by that why not Fathers Day!

I contacted Al's daughter and made the suggestion, and she loved it, so she arranged for her father to be at her house at a certain time, and I when I pulled into the yard, Nancy (Al's Daughter) said that Al's eye's lit right up. I took him out for a short ride, telling him about the bike and the accessories, and he was very impressed.

Al loved the ride and I was pleased to accommodate on this special day.

District Director message

Greetings!!! It's here, Wing Ding, and the All Districts New England Convention. We can't believe it, we have been writing and talking about these long awaited events for the past year, it hardly seems possible. Hopefully we will see many of you at one of these gatherings having lots of fun. If you are unable to attend the Districts Convention for all three days, please join us for a day, each day offers some educational seminars, games, vendors, and great opportunities to visit with our GWRRA friends.

On another note, it 'over. Yes, the Officer Certification Training is over, and we all survived, we were also very fortunate that none of us at the training saw the tornado that touched down in Gorham that day. We came away from the experience more knowledgeable about GWRRA, and hopefully this knowledge will enable us to better serve our members. Wayne Ferland, our former NH District Director was our lead presenter in Gorham, along with Mack & Mable McMenemy, Wayne did a dynamic job presenting the information. There have been so many rumors regarding liability, financial responsibility, rider education requirements and about Officer yearly recertification, that we were all anxious to hear the information for ourselves.

We would like to announce the appointments of **Sharon and Moe Bailey**, new Chapter Directors for NH-E, and **Bill and Dee Bascom** new Assistant Chapter Directors for NH-F. Please be certain to support them in their new positions and offer them your Congratulations when you see them.

Unfortunately, our trips to Americade and Wing Ding had to be cancelled due to Dick's most recent surgeries, we are thinking of all of you that got to attend and hope you have a great time. I am already thinking of next year's Wing Ding celebration in Knoxville, Tennessee. Of course, Dick's most recent knee surgery must be because I mentioned that he might be able to dance at the New England Districts Rally. However, as it looks now Dick will be able to attend the Gorham Convention unfortunately he will not be riding or dancing.

The past few days have certainly provided everyone with some sunny weather for riding, we hope you are all have the opportunity to get out and ride and enjoy our beautiful New England weather. Summer is soooooo short!!!

We hope to see many of you at our Convention in Gorham, until next month.

Ride Safe, Ride Often

Pat & Dick

Dave and Sue Perrin District Educators

Fire Extinguisher Safety

There are four different classes of fire extinguisher each one fights a certain class of fire. Learning to identify these classes will help you select the right extinguisher for your purpose. Using the wrong type of fire extinguisher can cause a fire to spread and place you in greater danger.

Type A extinguishers fight ordinary combustibles such as burning wood, cloth, paper, rubber, upholstery and plastics.

Type B extinguishers fight flammable liquids, gases and greases such as oil, paints and gasoline.

Type C extinguishers fight energized electrical fires such as burning wires, fuse boxes, circuit breakers, machinery and appliances.

Type D extinguishers are used on fires caused by combustible metals such as magnesium, sodium, potassium and aluminum. This type of extinguisher must match the type of metal that is burning for safety and maximum effectiveness. The label on the unit should list matching types of metal.

There are also multipurpose fire extinguishers that can be used on type A, B, and C classes of fires. (I keep one in the trunk of my trike, next to my emergency kit.)

When you are going to mount a fire extinguisher in your home, place it within easy reach of most family members. Keep one on every level of your home, as well as in the garage and near the doors of furnace.

Acting fast can make the difference between a small fire and one that gets completely out of control. First be certain that everyone in the building has been alerted and evacuates the building. Fight the fire with an extinguisher only if the fire is small and you have a clear exit for escape. **Pull** the safety pin or lever at the top of the extinguisher. Hold the fire extinguisher vertically and **aim** the nozzle at the base of the fire. **Squeeze** the handle to release the agent, **sweeping** from side to side at the base of the fire and several inches past the edges of the flame, until completely extinguished. Remember the word **PASS**. **Pull** the pin. **Aim** low. **Squeeze** the handle slow and steady. **Sweeping** the nozzle side to side.

After each use, service rechargeable units and replace disposable models immediately. Fire extinguishers should be checked on a periodic basis. A good way to remember, is to do it when you check the batteries in your smoke alarm.

Maintain good inspection records on your rechargeable extinguishers. These records are helpful after a fire to prove to insurance companies that you checked and serviced your units regularly.

And always practice good housekeeping rules in your home, garage and work areas. Oily rags left in a pile, gas cans close to any heating unit and bad ventilation are all signs for possible disaster. Think smart about fire safety around your most valuable possessions. Now take your motorcycle out of the garage and go ride it!

Adapted from an article by D Huber of the Kentucky Safety Team.

*Lorraine & Earl Knight
Region Directors*

Hello Everyone,
NH G Newsletter

The weather outside in Lake George, NY during Americade Week was simply frightful. But the friends inside were just delightful. So let it rain, let it rain, let it rain. We don't care; it's all about having fun! We were there from Sunday to Sunday and it rained at some time in the day, everyday. But it didn't dampen our spirits because we were among friends and we made our own fun in true GWRRA style. We also learned that Ice Cream each day, keeps the depression away and really lifts our spirits. Now we have about nine days left before we head out to Wing Ding in Des Moines, Iowa. So it's crunch time for us; so much to do, and so little time. But some how we will manage to get it all done.

Our hearts go out to Dave and Rose DeGraff. It was such devastating news to hear that a deer hit them on their motorcycle, while on their way to work on Route 7 in New Milford. We understand that Dave is fine but Rose has a broken leg. She has 3 breaks and they had to put in a screw into the bad break. Since the surgery, Rose is doing well under the circumstances. Hopefully Rose is home now and on her way to recovery as quickly as possible. We wish to thank all our Chapter E family for bannin together and helping Dave & Rose get through their ordeal. We wish we could have been there too, to show our concern and support, but it is just too many miles away. But we are their in our thoughts and spirit.

This is where the GWRRA family concept kicks in and proves to all of us that it works. It is the reason we all volunteer to do the things we do...this is our reward, our pay check... and the main benefit of our membership. Thanks so much for staying together and supporting each other.

FYI...We just want to let you know that we now have a new website and web address for the Vermont District. It is www.gwr-ra-vt.org you can go directly to the site or link to it from our region website <http://www.gwr-ra-northeastregion.org/node/36> Please notice we have added new information relating to the opening of a new chapter. We have confirmed a location, date, time and place for the 1st informational gathering of the new Vermont chapter K now being formed.

Now it's time to get down to business. Plans are revving up in preparation of the New England District's Rally/Convention. If you have not made your room reservations, we suggest you do so quickly, because believe it or not, our block of rooms is filling up. Once that is done, don't forget to pre-register too. Remember only pre-registrants will be included in the banquet at the closing ceremonies.

This year, Connecticut and Vermont are responsible for selling 50/50 tickets during the event. As usual, there will be three separate drawings, one each day for the three days; Thursday, Friday and Saturday. We will need two teams of two people as ticket sellers during the day and in the evening; one team for indoors and one team for outdoors. Needless to say, the more volunteers we have, the less time each team will have to work in one stretch of time. So, we would like to ask for your help.

Connecticut and Vermont are also responsible for supporting the Door Prize booth. It is our responsibility to tape the door prize tickets to the prizes. Then we need to list the numbers on a board. We will need one person to verify the winning ticket and award the winner the prize, then remove that number from the board. It's that simple. But we need someone to help.

Also, speaking of door prizes, once again, the Convention Team has asked each chapter if they could contribute 3 door prizes with a value of at least \$10 each. If you could get them to Linda Hahn

before the event it would be most helpful. But if you can't, you can bring or send them to Gorham at the time of the event.

There are some new things going on and being added to the event this year...

First: We heard it through the grapevine. Now you heard it here. We are 99.44/100% sure, unless something suddenly comes up, that Mike & Lori Stiger, Directors of GWRRA are planning on attending the New England Districts Rally/Convention. They are expected to visit on Friday and perhaps Saturday too. We took a survey and as far as anyone can remember, the Directors of GWRRA have never attended a New England event. So, we are rather flattered and excited to have them visit.

Second: We will be setting up a Rider Education Booth. The booth will have a three fold purpose.

1. We will be selling raffle tickets for (2) \$500 Gift certificates from Wing Bling. The proceeds will go towards Rider Education Programs in New England.

2. We will be offering members the opportunity to update their Rider Education Levels Program on-site. They will be able to update and/or correct personal information to the Rider Education data base.

3. We will be offering members the opportunity to sign up for the Levels program if they have not yet committed to do so.

This project will require help so we are asking any rider educators who are attending the convention to please give a little of your time to make this work.

Third: The Gorham Fire Department, along with some of our rider educators will present a CRASH SCENE RESPONSE RE-ENACTMENT on Saturday. This is a MUST SEE for everyone. It will prove to be both entertaining and VERY EDUCATIONAL! We hope to see you there.

Fourth: Together as a Team, Connecticut, Vermont and Rhode Island are responsible for supporting the Welcome Booth. Besides answering various questions and welcoming our guests, for the first time ever, the Welcome booth will offer convention delegates the opportunity to check their GWRRA personal profile to be sure all their information such as, address, phone number email address and chapter affiliation is current. If corrections need to be made, members will be encouraged to contact the Home Office ASAP and make the changes.

Again, we need people to assist in these endeavors in order to make everything work. So, we have created and attached a sign up sheet. We ask that if you are planning on attending the Rally/Convention, please help us make it a success by volunteering some of your time. Whatever task and time you can give us would be greatly appreciated. You will receive a BONUS for your efforts. We guarantee you will HAVE FUN AND MAKE NEW FRIENDS! (That's the bonus).

Attached is a volunteer sign up sheet for all our responsibilities and the hours that we need coverage. Chapter Directors, could you please ask for volunteers. Please enter their name, district/chapter affiliation and what hours they would be available. Be sure to list their name under the booth name they wish to volunteer.. If they would like to work at more than one booth during the event, please repeat their name etc. under that booth. If you could return them to us by Monday,

July 19th THE LATEST, it would be greatly appreciated. We will compile all the information and make one final roster.

Thanks so much. Ride Safe and we look forward to seeing you either in Wing Ding or at the New England Districts Rally/Convention.

Acting Connecticut & Vermont Directors
